The drawing shows a cable assembly with a cross-section view on the left and a detailed table of cable specifications on the right. The cross-section view shows a central core with two outer conductors, each with a braid and an insulation layer. The dimensions are labeled: L1, L2, and L3. The table lists the cable type, length, and weight for various configurations.

The drawing shows a side elevation of a cable-stayed bridge. It features a central pylon with two main cables on each side, branching out to support the deck. The deck is shown in cross-section with a hatched pattern. Dimensions L1 and L2 are indicated for the deck spans. A table at the bottom left provides the profile data for the cables, listing stationing, time, elevation, and deflection for cables 1 through 6. To the right of the table, there is a note in Russian and a small logo for 'K' (Korpus) with the text 'Korpus - это не просто фирма, это стиль жизни'.
